1 Loaning of a Second DER Device to a Student

Associated policy can be viewed at Section 5.3 of the NSW Implementation Procedures Policy, which is located at:

On the rare occasion when both the students allocated device and a loaned device are both inoperable, it is now possible to allow a student to be loaned another pool device.

A Regional TSO is required to authorise the loan of a device to a student if the student has already had an existing loan device which has become inoperable.
